ABOUT ME

Graphic designer with a myriad of design experience ranging from web design, animation, photo editing, video editing, and graphic design.

WORK EXPERIENCE

UI/UX Designer

Getaboard Foundation Jan 2019 - Present | Orlando, FL

- Design and develop wireframes, prototypes, storyboards, and user flows to effectively communicate interaction and design ideas
- Create design system and improve work flow for design projects to make production more efficient

UPS Package Handler

UPS Nov 2019 - Jan 2020 | Orlando, FL

- Operate mechanical equipment to move larger package shipments
- Responsible for loading and unloading packages within a warehouse or from delivery vehicles

Graphic Designer

Leap with Alice Dec 2018 - Feb 2019 | Orlando, FL

- Modeled 3D assets for an augmented reality phone app for the company and created visual effects on 3D models using shaders
- Work with a team of programmers and developers to ensure any changes help to compliment brand and user experience

3D Art Intern

UCF Game Research Lab Feb 2018 - May 2018 | Orlando, FL

- Created 3D assets for a virtual reality simulator designed to educate people
- Designed background art and assets for a 2D mobile endless runner game

Animation Intern

E2i Creative Studio Aug 2017 - April 2018 | Orlando, FL

- Worked with a team to design and develop VR simulators to help patients of PTSD and created and designed 3D assets according to the art style guide
- Modeled, rigged, textured, and animated characters
